

## ROAD TOLLS

- Norway

### BROBIZZ

VIALTIS offers all vehicles the Brobizz, which is an electronic device that has to be mounted in the windshield of the vehicle.

For the Svinesund Bridge (Sweden-Norway), the Brobizz does not need to be issued to the registration number of the vehicle.

For the roads in Norway, the Brobizz has to be issued to the registration number of the truck if the gross vehicle weight is over 3.5 t. - This does not apply for coaches.

### Your benefits

- ▶ *One payment method for Norway, Sweden and Denmark*
- ▶ *Obtain rebate*
